

## **RENAISSANCE: THE MASTERS SERIES VOL. 7 - DAVE SEAMAN**

*Renaissance*

★★★★☆

Not only does no.7 in this masterful series have strikingly beautiful cover artwork, courtesy of Insect (Nike/Banksy), but it's also the best of the lot... mind you, we said that about the last one. You don't hear much from Dave Seaman these days in this country because he is an all out international DJ - wowing crowds around the world. Renaissance pinned him down and you

can see why he does wonders across the globe, this double CD is blinding. Seaman has managed to blend progressive, minimal and electro, seamlessly! 'The Heart's A Lonely Hunter' by Thievery Corporation featuring David Byrne and Charlie May's 'Seal Clubbing (Sasha Remix)' are a cut above the rest, but then the rest are way up there. **(Helene Stokes)**
